### **Wrede Consulting Celebrates 20<sup>th</sup> Anniversary at the Monaco Yacht Show**

#### **Anniversary offer and stand party at the world's premier yacht fair**

Hamburg, 30<sup>th</sup> August 2019

**WREDE Consulting GmbH is turning 20. At the Monaco Yacht Show the success of the past years will be celebrated with a party at the "German Yachts" stand on the first day of the exhibition. The coating experts will also be offering a Quick Status Survey on the days of the exhibition.**

One of the major events in the superyacht industry is approaching and Hamburg-based yacht coating consultancy Wrede Consulting will be offering a Quick Status Survey to mark its 20<sup>th</sup> anniversary: "From Wednesday to Friday, yacht owners have the opportunity to have a 30-minute free top-to-bottom inspection of their yachts carried out by our refit experts to assess their condition and upcoming refit measures," says Kay-Johannes Wrede, founder and CEO of Wrede Consulting. Further information and the registration form are available by sending an e-mail to [info@wrede-consulting.com](mailto:info@wrede-consulting.com).

The Hamburg-based consultancy for mega and superyachts was founded in 1999 and has since established itself as the place to go for all issues relating to the coating of yachts and much more. Specialists from WREDE Consulting have been involved in most of the 200 largest yachts worldwide. "We can look back on two exciting decades in which Wrede Consulting has grown from a one-man consultancy into one of the leading providers with colleagues in Hamburg, Bremen, Barcelona, Rotterdam, La Ciotat and Palma de Mallorca. I'm very happy about that," says Wrede. The experts provide support and advice to shipyards and yacht owners from new builds to refits and carry out assessments, contract consulting, construction supervision and inspections.

Kay-Johannes Wrede looks positively into the future: "With our other companies such as the material science and assessment experts at WRETEC and the recently launched Paint & Maintenance Academy for crews, officers, painters and senior management, we have further expanded our portfolio in yacht coating expertise and created the opportunity to pass it on to others. We cordially invite everyone to join us in raising our glasses and
